

StatBook

Share live stats with the media

Product Description

StatBooks put detailed stats in front of the media at your live sporting events. The StatBook from StatView integrates with your live stat software and with the live scoring console and the Internet to provide the best stats possible. And StatBooks are completely branded for your school, team or venue.

Features and Benefits:

- Detailed stat tabs for every aspect of the game
- Fixed game summary panel displays key stats at all times
- Real-time clock information with down, to go, quarter, clock and score
- Branded for your school/team
- Seamless integration with your existing stats software and live scoring console
- Requires no gameday interaction from your staff
- Support for football and basketball with other sports coming soon.

StatBooks are small, special-purpose netbook computers that make it easy to provide stats to the media on game day. StatBooks can be easily maintained by your facility or event staff and do not require any IT work other than the initial set up on your local wireless network.

StatBook Technical Features

Battery	Available 6 cell battery provides over 4 hours of continuous use.
LCD Screen	Low-glare high-resolution matte screen designed for outdoor use.
Wireless Networking	802.11 b/g WLAN w/ WPA, WPA-PSK, WPA2 and WPA2-PSK authentication and TKIP and AES encryption.

Data Integration

Stats Software	StatCrew versions x.xx to x.xx. Other stat software integration is also available.
Supported Scoring Consoles	Daktronics™ All Sport 5000 series Daktronics ProSport series WhiteWay serial controller series Other controllers w/ serial output (scoring consoles may require StatView Clock Server)

Usability Features

Simple Navigation	StatBooks don't require any work like a computer—they start up and are ready to go. Simple navigation with arrow keys and numbers allow users to navigate to any data they need.
Automatic Software Updates	StatBooks update themselves automatically. No installations or updates are required by facility staff.

About StatView

StatView has over a decade of experience in live stats delivery and is used by some of the largest college programs, bowl games and basketball tournaments every year. StatView counts over 450 NCAA colleges and universities as customers. We know what it's like on game day and our experience and commitment to excellence translates into less stress for our customers.

StatView offers a complete suite of products to help manage game day stats. The suite includes the Stat Management Server for trouble-free stats integration and distribution, StatBooks for on-demand stats delivered to the media and StatTV, delivering live stats in high-definition on TVs in your press box.
